## WINTER NEWSLETTER

---

Arthur Herzog

I hope y'all didn't miss the CATC/FATC Savannah Classic back in November. The Show was a huge success, and we are scheduled again for this Fall with dates of November 10-11, 2023. There was an excellent turnout and the room trading was plentiful. We are expecting a sold out show again so watch for updates on table and room reservation announcements. Special thanks to Bernie Shultz (FATC) who in unison helped Harry Matthews and myself with putting all of this together to make a truly successful show. Also, Richard Hart, for running our auction with a super result for all sellers and buyers! Our favorite lure show photographer, Kevin Orr attended and took several hundred awesome pictures that were posted on the CATC website as well as the CATC Facebook page. Gary Lopez truly provided a lot of great help and will be assisting us with some great guidelines for future shows!! Many thanks to Darryl Holder, Bryan Jenkins, and everyone else behind the scenes for all their help with manning the registration tables and auction, moving tables, and many other jobs. Thank you for all your help. Y'all are awesome .....

## **SPRING SHOW**

I have had a lot of inquiries about our Spring Show. I will keep everybody posted and, as far as the Spring Show goes, I will be more than happy to help with phone calls, hotels, etc. but we're looking for someone to step up to host it. At this time we may want to consider a "Room Trading Show" possibility with barbecue due to the time schedule. Like I've always said "this is your club just as much as anybody else's." But we need New People to step up and say, "I Want To Help!!!"

I wanted to personally thank Bill Holbein and Jack Gallagher for holding their past positions as directors and for all their help and services in the club. We can all welcome Brian Gerhart as a new Director who, in the past contributed his time and ideas, and has stepped up to officially help in a leadership position. He will be a great addition to our team of club officers, after an unanimous vote in Savannah (we did kind of railroad him as he could not make the show and all those at the club meeting voted him into the position!!).

## **Member Stories**

**By Darryl Holder**

I have found fishing tackle in many different places during my hunt for old fishing lures and tackle. I have found them online, at yard sales, at estate sales, at auctions, and friends and family have given them to me. The most memorable place would have to be at my local dump. While dumping my trash off one day, I happened to look over at the electronics trailer. This is a open trailer where people dump used electronic like vcrs and old tvs. On this trip I just happened to look over and see an old tackle box sitting in the trailer. I didn't even open it. I just picked it up and put it in the back of my truck, thinking it was probably just used for old electronic part storage. I didn't even look in it until I got home. I was surprised to find it filled with the usual old hooks and a few old spinner baits. To my surprise tucked in the bottom with all the old worms and lead weights was a Creek Chub Injured Minnow with yellow spots and red ribs. It was not in mint shape, but for being in a tackle box full of worms and weights it was a great find. You just never know where that next find will come from. It's Still Out There!

## PAW PAW Price List

**.. NEW PATTERNS .. NEW FINISH ..  
NEW RESINITE WATERPROOFING!**

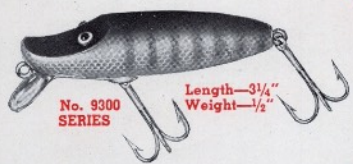

**Outstanding Low Prices**

**No. 9100 SERIES**

**Length—2 3/4" Weight—3/8 oz.**

No. 9100 Series—This small easy-to-cast bait is made for those fishermen who use light tackle. The wood body is light and yet with just enough weight to throw easy and accurately. The shimmering-pearl scale finish shows up mighty well in the water and attracts the big ones from a greater distance. The strong cup-shaped blade adds plenty of wiggling, darting action. 14 patterns.

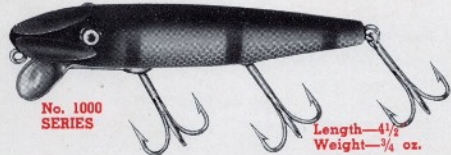

**No. 9300 SERIES**

**Length—3 1/4" Weight—1/2 oz.**

No. 9300 Series—The same design and construction as the 9100 series shown above, but a little larger for heavier tackle. This bait has all the fine qualities of finish and action, and is a real fish-getter. Rises to surface quickly when idle. Also made in jointed style. 14 popular patterns.

**Nos. 9100 and 9300 Regular (Jointed shown at right)**

|  | Nos. 9112 and 9312—Silver Flitters.  |

**No. 1000 SERIES**

**Length—4 1/2" Weight—3/4 oz.**

No. 1000 Series—For the fishermen who like a pike bait, here is a dandy. Beautiful iridescent pearl finish brings out the natural tints and markings, making it irresistible. The cup-shaped blade and fluted head give it a real live-pike wiggle. A real pleasure to show this bait to your customers. Also made in the jointed style shown at right.

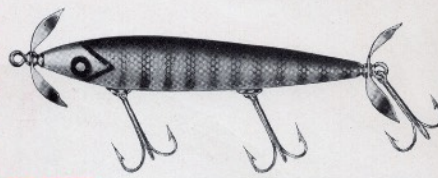

No. 2500 Series — This popular bait, with its beautiful iridescent scale finish, lays on its side on the surface, and when retrieved the free-running spinners cause a small ripple like that of an injured minnow. Many fishermen prefer this type of surface bait and their choice is well founded. Made in 6 popular patterns.

**These Beautiful PAW PAW BAITS Prove to be Real Sales Builders**

**JOINTED SERIES—New Low Price 75c**

**No. 9100J SERIES**

**Length—2 3/4" Weight—3/8 oz.**

No. 9100J Series — This small jointed bait has all the flashy appearance of the 9100 series, but with the added advantage of the double joint which creates a slightly different action in the water. Has the same beautiful iridescent pearl finish over true-to-nature tints and markings. 14 attractive patterns.

No. 9300J Series—With plenty of dives and wiggles just below the surface, this new jointed bait really gets 'em. The blade, cup-shaped for more action, and the double joint put into this bait a realistic swimming, darting motion. Quickly rises to surface when idle. 14 beautiful patterns for your customers to choose from.

**No. 9300J SERIES**

**Length—3 1/4" Weight—1/2 oz.**

**No. 2000 SERIES**

**Length—4 1/2" Weight—3/4 oz.**

No. 2000 Series—This bait has the same construction and finish as the 1000 series, but has a little more erratic action, made possible by the double joint. Has the same beautiful patterns and iridescent pearl finish. It's the "tops" for game fish. 6 attractive patterns.

## **Membership Updates:**

The CATC Club is growing more every month and now that we offer several options for yearly memberships, many of the collectors have taken advantage of the new outline where a One Year Membership is \$25.00, Three Year Membership is \$70.00, and a Five Year Membership is \$105.00. You will find the Membership Form on Joe Yates's message board under the drop down tab at the top of the page for Collector Clubs – CATC – and then Membership. You can download the PDF and fill all the information out. <http://www.carolinaantiquetacklecollectors.com/Membership.htm>

Please note that we are making the Yearly Dues Start Date of Jan. 1 of every year to better organize how we manage the membership. Please get your forms filled in and send your checks in soon.

One other resource is the CATC Facebook site for our club members and you can find it here: <https://www.facebook.com/groups/1660901817561969>. You can post things relating to our club and the hobby there, too.
